WSSA Proposed changes to the NIYA Bylaws

Changes are underlined.

Article IX – Annual Regatta

Section 4. Class D** 50 to 125 sq. ft.

Reason - This allows stern steerers that are using skeeter sails to fit within a class. WSSA has made this change to the WSSA by-laws due to Byron Tetzlaff bringing to a WSSA regatta a small stern steerer with an old skeeter sail that did not fit within a defined class.

Section 7. A yacht must register in its class and may race only within its class, except for the Championship race.

Classes A, B, C and D may race at the same time at the option of the Race Committee. When classes A, B, C and D race together each yacht shall compete for its own class prize and for the overall Stern-Steerer Trophy provided by the WSSA. When competing for the overall Stern-Steerer Trophy the registered class sizes are to be ignored though the minimum sail area is 50 sq. ft.

Reason – This more clearly defines that each yacht must register and race in its class for the class trophies. It also allows any stern steerers above the minimum size to race for the overall trophy, regardless of the class in which they are registered and the size sail they are using.
